Report of Independent Registered Public Accounting Firm
Auditor's Standard Report

To the Board of Directors and Members
of TriCor Financial, LLC

I have audited the accompanying statement of financial condition of TriCor Financial, LLC as of December 31, 2014 and the related statements of income, changes in members' equity, and cash flows for the year then ended. These financial statements are the responsibility of TriCor Financial, LLC's management. My responsibility is to express an opinion on these financial statements based on my audit.

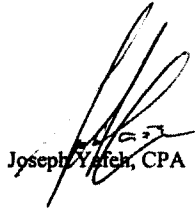

I conducted my audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of TriCor Financial, LLC as of December 31, 2014 and the results of its operations and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The supplemental information for the year ended December 31, 2014 (Computation of Net Capital Under Rule 15c3-1, Computation of Determination of Reserve Requirements Under Rule 15c3-3, Information for Possession or Control Requirements Under Rule 15c3-3, and SIPC Form 7) has been subjected to audit procedures performed in conjunction with the audit of TriCor Financial, LLC's financial statements. The supplemental information is the responsibility of TriCor Financial, LLC's management. My audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming my opinion on supplemental information, I evaluated whether the supplemental information, including the form and content is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In my opinion, supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

To the Board of Directors and Members
of TriCor Financial, LLC

This opinion is intended solely for the information and use of the board of members, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

TriCor Financial, LLC
Notes to Financial Statements
December 31, 2014

Note 1 – Organization and Nature of Business

TriCor Financial, LLC (the “Company”) was organized in the State of Nevada on July 14, 2006 as a Limited Liability Company. On May 14, 2007, the Company began operations as a broker-dealer. The Company is registered as a broker-dealer with the Securities and Exchange commission (“SEC”) and is a member of the Financial Industry Regulatory Authority (“FINRA”), and the Securities Investors Protection Corporation (“SIPC”).

The Company is a wholly-owned subsidiary of TriCor Financial Services, Ltd. (the “Parent”), and is affiliated through common ownership to TriCor Insurance Services, LLC (“TIS”) and TriCor Advisory Services, LLC (“TAS”).

Note 2 – Significant Accounting Policies

Basis of Presentation – The Company is engaged in the business as a securities broker/dealer, which comprises several classes of services, including:

- Broker or dealer retailing corporate equity securities over-the-counter
- Broker or dealer selling corporate debt securities
- Mutual fund retailer
- U.S. government securities broker
- Municipal securities dealer
- Broker or dealer selling variable life insurance or annuities
- Put and call broker or dealer or option writer
- Broker or dealer selling tax shelters or limited partnerships in primary distributions
- Non-exchange member arranging for transactions in listed securities by exchange member
- Private placements of securities

Under its membership agreement with FINRA and pursuant to Rule 15c3 (k) (2) (ii), the Company conducts business on a fully disclosed basis and does not execute or clear securities transactions for customers. Accordingly, the Company is exempt from the requirement of Rule 15c3-3 under the Securities Exchange Act of 1934 pertaining to the possession or control of customer assets and reserve requirements.

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Commissions – Based upon the income reported, the commissions earned from the sale of mutual funds and investment company shares represent the major portion of the business.

TriCor Financial, LLC
Notes to Financial Statements
December 31, 2014

Note 2 – Significant Accounting Policies (continued)

Income Taxes – The amount of current and deferred taxes payable or refundable is recognized as of the date of the financial statements, utilizing currently enacted tax laws and rates. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax liabilities or assets between years.

The Company recognizes and measures its unrecognized tax benefits in accordance with FASB ASC 740, *Income Taxes*. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change.

The accounting principles generally accepted in the United States of America provides accounting and disclosure guidance about positions taken by an organization in its tax returns that might be uncertain. Management has considered its tax positions and believes that all of the positions taken by the Company in its Federal and State organization tax returns are more likely than not to be sustained upon examination. The Company is subject to examinations by U.S. Federal and State tax authorities from 2011 to the present, generally for three years after they are filed.

Depreciation – Depreciation is calculated on the accelerated method over estimated economic lives. Leasehold improvements are amortized over the lesser of the economic useful life of the improvement or the term of the lease. Property and equipment are carried at cost.

Note 3 - Fair Value

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.

TriCor Financial, LLC
Notes to Financial Statements
December 31, 2014

Note 3 - Fair Value (continued)

- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2014.

Fair Value Measurements on a Recurring Basis			
As of December 31, 2014			
Assets	Level 1	Level 2	Level 3
Cash	\$267,504	\$ -	\$ -
Clearing Broker Deposit	<u>50,000</u>	<u>-</u>	<u>-</u>
Total	<u>\$317,504</u>	<u>\$ -</u>	<u>\$ -</u>

Note 4 – Receivable From and Payable to Broker-Dealers and Clearing Organizations

Amounts receivable from and payable to broker-dealers and clearing organizations at December 31, 2014, consist of the following:

	Receivable	Payable
Fees and commissions receivable/payable	\$ <u>23,731</u>	\$ <u>-</u>

Note 5 - Concentration of Credit Risk

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include broker-dealers, banks, and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter-party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter-party.

Amounts held in financial institutions occasionally are in excess of the Federal Deposit Insurance Corporation and Securities Investor Protection Corporation limits. The Company deposits its cash in high quality financial institutions, and management believes the organization is not exposed to significant credit risk on those amounts. The amount greater than the FDIC limit at December 31, 2014 is \$15,530.

Note 6 – Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 5c3-1) which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Net capital and aggregate indebtedness change day by day, but on December 31, 2014, the Company had net capital of \$166,384 which was \$150,413 in excess of its required net capital requirement of \$15,971. The Company's percentage of aggregate indebtedness, \$239,569 to net capital was 143.99%.

TriCor Financial, LLC
Notes to Financial Statements

Note 7 – Provision for Income Taxes

The Company is treated as a disregarded entity for federal tax purposes, in accordance with single member limited liability company rules. All tax effects of the Company's income or loss are passed through to the member. Therefore, no provision or liability for Federal income taxes is included in these financial statements.

Note 8 – Deposit – Clearing Organization

The Company has a brokerage agreement with National Financial Services, LLC ("Clearing Broker") to carry its account and the accounts of its customers as customers of the Clearing Broker. The Clearing Broker has custody of the Company's cash balances which serve as collateral for securities sold short or securities purchased on margin. The balance at December 31, 2014 is \$50,000.

Note 9 – Exemption from the SEC Rule 15c3-3

The Company is an introducing broker-dealer that clears all transactions with and for customers on a fully disclosed basis with an independent securities clearing company and promptly transmits all customer funds and securities to the clearing company, which carries all of the accounts of such customers and maintains and preserves such books and records pertaining thereto pursuant to the requirements of the SEC Rule 17a-3 and 17a-4, as are customarily made and kept by a clearing broker or dealer and accordingly, is exempt from Rule 15c3-3 of the Securities and Exchange Commission under paragraph (k) (2) (ii).

Note 10 – Contingency

The Company is involved in one arbitration case, in which counsel for the Company has advised that at this stage of the proceedings, they could not offer an opinion as to probable outcome of the matters. Accordingly, no provision for loss has been recorded in the accompanying financial statements. The Company had one case with the State of New Mexico that resulted in a fine of \$12,190 in August 2014.

Note 11 – Lease

The facilities used by the Company are leased by its parent Company. The parent charges the Company a management fee which includes the Company's portion of the rent expense.

Note 12 – Subsequent Events

Management has reviewed the results of operations for the period of time from its year end December 31, 2014 through February 26, 2015, the date the financial statements were available to be issued, and has determined that no adjustments are necessary to the amounts reported in the accompanying financial statements nor have any subsequent events occurred, the nature of which would require disclosure.

Report of Independent Registered Public Accounting Firm
Exemption Report Review

To the Board of Directors and Members
of TriCor Financial, LLC

I have reviewed management's statements, included in the accompanying Exemption Report Review, in which (1) TriCor Financial, LLC identified the following provisions of 17 C.F.R. §15c3-3(k) under which TriCor Financial, LLC claimed an exemption from 17 C.F.R. §240.15c3-3(k)(2)(ii) (the "exemption provisions") and (2) TriCor Financial, LLC stated that TriCor Financial, LLC met the identified exemption provisions throughout the most recent fiscal year without exception. TriCor Financial, LLC's management is responsible for compliance with the exemption provisions and its statements.

My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about TriCor Financial, LLC's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
